Discover MLE Group

MLE Group offers Digital Firing Systems for Fireworks, Class Leading Show Display Lasers, Advanced Full Colour Drone Light Shows and Sound, Lighting & Video production equipment for hire.

This service ensures we are supporting our partners and customers with convenient options and flexible resources, often assisting with the 'missing link' solution.

The Process

1 Search For The Equipment & Quote

The starting point of hiring from MLE Group is searching for the equipment that you need to hire. Once chosen, you can let one of our team know what you require and for how long. From this we will produce an itemised equipment quote for you to view.

16 Channel Firing Module
– FireByWire

DIGISEQ (COMPACT) –
FireByWire

Firing Cable – Multipin –
FireByWire

Firing Data Cable –
FireByWire

2 Book Equipment & Preparation

Once you have accepted the quote and returned the signed account contract form we will raise the Invoice for payment. When confirmed, our team will pick all of the relevant equipment and its accessories. We will then test the items to ensure it's full working order. Loading into labelled cases in readiness for dispatch.

DIGISEQ (COMPACT) – FireByWire

Hire
£39.00 / Day
£79.00 / Week

- 64 Cues
- Trigger Port
- Digital Firing Sequencer
- Controlled over digital network via laptop
- 4 Pin Data IN/OUT
- 3 Pin Deadman's
- Metal Casing For Extra Protection

Category: FireByWire

3 Collect/Delivery & Use On Your Event

Now your hire equipment is ready, we deliver/you collect the items needed for use. When the hire equipment is returned to us, we count items back in ensuring everything is accounted for. The de-prep process begins - cleaning, testing and returning to stock. This ensures it is ready to use in full working order for the next hire.

Sound Equipment
